Plan-Of-Action (POA) / Letter of Appeal
**Multiple / Duplicate Account
Related Suspension**

Below is intended plan of action to open your account. Add your details before sending to the Amazon team:

Dear Amazon Team,

We received an email from your side that our account on amazon.com has been suspended as my account is related with another Amazon account. The suspension of our Amazon account was a direct result of using public internet connection as our home broadband connection was down.

We are a new company and here I am attaching my following documents for your verification:

- Amazon Account ID –*
- Bank Account Associated with Amazon Account ID –*
- Mobile Number Associated with Amazon Account ID –*
- Email ID Associated with Amazon Account ID -*

After our own investigations following are plan of corrective action and steps.

Steps we have taken and will continue to take:

- 1. We will ensure that our laptop don't connects with public insecure internet connection in future.*
- 2. We have now purchased extra secure internet services from different service providers to ensure uninterrupted internet connection.*
- 3. We have become familiar with Amazon's policies, user agreement, and provided thorough training to any staff or employees involved in online sales.*
- 4. We have placed strict rules and computer activity monitoring on all computers/devices related to online sales. Visitors and employees can no longer use our primary network or computers for personal use.*
- 5. We will not access my Amazon account anywhere other than from my own home.*
- 6. Furthermore, we have established a separate network (Guest Wi-fi) for our anyone who visits us.*

Kindly reinstate my account, I look forward for positive reply.

Thanks & Regards
